

WORKPLACE INJURY

HOTLINE

1.833.523.0277

A 24/7 triage service for workplace injuries

If injury is life threatening, call 911

1

After Injury, Call the Toll-free Hotline

Supervisor and employee call hotline as soon as possible after injury occurs. Employee can call hotline directly if supervisor is unavailable.

2

Talk to Nurse

Nurse gathers information and forwards it to MCIT, the workers' compensation coverage provider. Information is kept confidential.

3

Treatment Is Recommended

Nurse determines the seriousness of injury and provides self-care instructions or provides a medical referral.
