- Take time to use personal protective equipment properly if needed.
- Slow down and focus on procedures and process.
- Use the proper tool for the job and clean up area when done.
- Be alert to surroundings.

**REMEMBER TO:**

As the saying goes, haste makes waste. Rushing through a task may lead to sidestepping safety steps, which can cause injury or illness.

**Choosing the quick way instead of the safe way can lead to injury. Always Work Wisely.**
